

BLUE APPLE

ART STUDIOS

Blue Apple is a collaborative art space in Terrey Hills located in a tranquil bush setting. This light-filled, modern and accessible art space is a place for people of all abilities, ages, and experience to explore their creativity.

Specialising in a range of mediums, our art facilitators teach techniques to develop your skills in ceramics, paper making, painting and drawing in a supportive and social environment, designed to ignite your creative passions.

OUR DIFFERENCE

Blue Apple Art Studios is a part of Unisson Disability, an organisation supporting people with disability. Blue Apple was created to bring to life opportunities for artists from the broader community to express themselves through art and learn new creative skills. Class sizes are small with an individualised approach, so you will have the best opportunity to work with our trained art professionals to create something unique.

We believe that art is for everyone, for people of all ages, abilities, backgrounds and skill levels and joy is often found in the experiences we have and the connections we make through shared moments...especially when creating art.
